EXPERIENCE

MATS Research

Independent nonprofit research fellowship developing talent in AI safety; team of 60

Operations Intern

- Built cross-functional execution plans for an AI safety research symposium and a 40-person Anthropic fellowship; aligned internal teams, program leaders, venues, vendors, and partners on staffing, timelines, and delivery.
- Advised the executive team on translating organizational OKRs into team-level KPIs and strengthening meeting, decision, and feedback systems as MATS scaled.

U.S. Army - 2nd Cavalry Regiment

4,800-soldier Stryker brigade combat team providing rapidly deployable forces for NATO assurance, deterrence, and defense across Europe

Project Manager (Regimental Planner)

- Maintained Maven Smart System map overlays for the regimental commander and surfaced interface and data-display issues through the technical support chain.

- Planned and delivered a week-long program for 5,000+ personnel across 15 units; managed budget, venues, logistics, safety, executive approvals, and cross-unit delivery.

Chief of Staff (Squadron Adjutant)

- Led rollout and reliability of a mobile communications platform for a six-person executive team; converted contractor training into operating procedures and pre-use testing for infrastructure-limited operations.

- Managed a 12-person executive operations team and disposed of more than \$500K in obsolete assets, reducing inventory 40% without disrupting operations.

Operations Manager (Infantry Platoon Leader)

- Led a 40-person team responsible for \$40M in equipment and vehicles; ranked #1 of 9 peer units through resource allocation, prioritization, and team development.

- Integrated a 50-person U.S., U.K., Romanian, and Austrian team by establishing decision roles, operating procedures, and compatible communications for a NATO exercise.

Project Officer (Troop Operations Officer)

- Managed logistics quality assurance during the response to Russia's invasion of Ukraine; inspected \$120M in equipment and organized international clearance documentation to prevent deployment delays.

LEADERSHIP AND VOLUNTEER EXPERIENCE

One for the World - INSEAD

Chapter Founder and President

- Founded the INSEAD chapter and secured lifelong 1% giving pledges from 7 classmates for evidence-backed charities addressing global poverty and preventable disease.

Alex Hammond for NY Assembly

Fundraising Director

- Built a donor targeting model covering approximately 133K residents; ran events and call campaigns that raised more than \$30K during the 2020 election cycle.
